

# Economic stability and resilience

Does everyone have a job?  
Will we recover from a crisis?  
Is our our population growing?  
Population churn?

## The city as a platform

# Examples of start and scale

Not For Profit

**Maker Faire®**

## Increase # and Support STEM Women

Provided \$582,500 in low-interest loans and volunteer business mentors, which helped launch 22 youth-led businesses, which created 80 new jobs in their communities. Now city corporations have committed 1.8M.

## *Growing Economies, Expanding Human Welfare*

*\*has to be done at scale and include everyone or you won't survive in the interconnected and interdependent world. Access by all to internet and on-line skills is critical to the future.*

*\*be a place that people want to live and be a place where everyone can thrive*
